

End-of-Year Evaluation

2021

School:	Genesis	Shared with Governing Board	June 9, 2021
Principal / Centre Director:	Lynn Neveu	Shared with Teacher Council	May 20, 2021
		Shared with Parents	June 10, 2021
		Submitted to Director of Pedagogical Services and Director General	June 10, 2021

Priorities

2020-21

In the 2020-21 school year, Genesis selected and focused on the following two goals:

1. Reduce the perceived level of anxiety at school to 31% to 26%.
2. Reduce the perceived level of Bullying from 30% to 25%.

Actions / Initiatives to Maintain

- 1 - Monthly Assemblies are held to promote positive behaviour with certificates to encourage character traits. Recipients are announced on the Intercom due to COVID
- 2 - Behaviour Technician creates groups according to needs to focus on strategies to reduce anxiety (through discussions, activities as well as the zones of regulation curriculum as well as the board game)
- 3 - Daily Announcements and reminders on the Intercom and also birthday wishes for students which in turn creates a positive school spirit
- 4 - Gardening Club helps promote a sense of pride, increase student belonging, reduce anxiety as well as increase the sense of team work for students
- 5 - Increased Supervision: a Ratio of 1 supervisor per class at lunchtime to ensure safety and response to students' needs.
- 6 - Social Emotional Learning through The Zones of Regulation Program:
This curriculum is a cognitive behavioral approach that is aimed to be used to teach emotional awareness and self-regulation in a way that is cognitively accessible for the younger population. The goal of the Zones of Regulation's curriculum is to help students become more aware of and independent in controlling their emotions and impulses, recognize and assess the social situation and context through the expression's on others, manage their sensory needs, and improve their ability to problem solve through situations of conflict independently.
- 7 - Kindness Crew: The grade three students are encouraging acts of kindness throughout the school. They are discussing the definition of kindness and how to convey their message to the entire student population.
- 8 - Social Media Awareness: Invite guests to inform students of regulations and guidelines that must be followed when using technology. Teachers create awareness when students use technology.

Actions / Initiatives to Develop

These initiatives will hopefully continue next year and be enhanced by no longer having school bubbles.
